

ARCHITECTURE, DESIGN & CONSTRUCTION MANAGEMENT

SAN DIEGO: AT THE HEART OF CONTEMPORARY INNOVATION

NewSchool is located in the vibrant East Village design district of San Diego, California which is home to leading design studios, construction sites and innovative architecture firms. Our connection to this bustling city allows students to be surrounded by an urban laboratory of design and architecture where they can experience what they are learning.

Our location allows faculty to regularly bring industry professionals into our classrooms to provide feedback to students during reviews and exciting opportunities for collaboration. Our industry collaborations have included redevelopment proposals for local neighborhoods, designing product lines for businesses, touring major construction sites and creating new brand identities for local restaurants as well as many more.

With beautiful beaches and a trendy restaurant and nightlife scene, San Diego is the ideal destination for students to learn, create, live and work.

HUMAN-CENTERED BY DESIGN

NEWSCHOOL IS INTERDISCIPLINARY BY NATURE, DESIGNED TO CULTIVATE A GLOBAL PERSPECTIVE AND TO EMPHASIZE INQUIRY

DESIGN IS IN EVERYTHING WE DO From our design foundation courses, to our lecture series that brings world-renowned guest speakers in the field of architecture and design, and our design minded student clubs; design culture is everywhere on campus. We encourage our students to collaborate with one another and explore new ways to solve problems in architecture and design.

OUR PHILOSOPHY

WE FOCUS ON DESIGN THINKING, PREPARATION FOR PRACTICE & PROJECT BASED LEARNING THROUGH OUR URBAN LABORATORY

CAREER & INDUSTRY FOCUSED

Our Career Services team goes beyond giving resume writing advice. They are dedicated to providing opportunities for our students to engage with their chosen professions through career fairs and professional lectures as well as organizing informational interviews, internships, and mentor/mentee programs.

EXCITING STUDIO CULTURE

We help prepare our students to become successful designers and architects by simulating the creative studio environment of a professional firm. Instead of spending all their time behind a desk, our students study in exciting and collaborative studio environments that place a focus on exposing our students to projects and real clients.

GLOBAL DESIGN PERSPECTIVE

We cultivate a global design perspective with study abroad opportunities, a diverse international student population, and faculty members from all over the world.

ACADEMIC EXCELLENCE

Our faculty and students consistently challenge the boundaries of design and architecture by producing award-winning work that has been recognized by the industry both nationally and internationally. NewSchool of Architecture & Design is accredited by the WASC Senior College and University Commission (WSCUC). Programmatic accreditation for our professional architecture programs (B.Arch, M.Arch I and IPAL) is provided through the National Architectural Accrediting Board (NAAB).

(LEFT) Graphic design student Amjad Alotaibi won a Silver National ADDY Award from the American Advertising Federation for a project she completed in one of our studio courses.

THE NEWSCHOOL EXPERIENCE

"I enjoyed the smaller classes and the relationships we built with instructors. It made the learning process better and more personal."

AMANDA SCHILLING

Bachelor of Science in Construction Management '16

"NewSchool is a microcosm of the design industry nestled in a growing urban environment. As a student of architecture, I like the proximity to the School of Design and the School of Construction Management, giving one access to a multidisciplinary experience. NewSchool also maintains ties to local firms which is helpful when looking for work in the design industry."

SHANE YEE

Bachelor of Architecture '21

"The students and staff at NewSchool make it a place you can call home. The sense of community is unparalleled."

MADISON ROLF

Bachelor of Architecture '22

"NewSchool is special because you are getting hands-on experience through projects and being taught by teachers who are actually in the industry."

KASIE VARELA-MURDOCK

Bachelor of Science in Graphic Design & Interactive Media '20

"The small class sizes at NewSchool are great because there is more communication between students and professors. My thesis advisors always had time for me when I needed guidance."

SOVANARRY PHY

Master of Architecture 4+3 IPAL '19

NewSchool of Architecture & Design is accredited by the WASC Senior College and University Commission (WSCUC),
985 Atlantic Avenue, #100, Alameda, CA 94501, 510-748-9001.

In the United States, most registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. The National Architectural Accrediting Board (NAAB), which is the sole agency authorized to accredit professional degree programs in architecture offered by institutions with U.S. regional accreditation, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. A program may be granted an eight-year, three-year, or two-year term of accreditation, depending on the extent of its conformance with established educational standards.

Doctor of Architecture and Master of Architecture degree programs may require a preprofessional undergraduate degree in architecture for admission. However, the preprofessional degree is not, by itself, recognized as an accredited degree.

NewSchool of Architecture & Design offers the following NAAB-accredited degree programs:

B. Arch. (225 undergraduate credits)

M. Arch. (preprofessional degree + 90 graduate credits)

M. Arch. (non-preprofessional degree + 150 credits)
